

PROJECT APPLICANT: Village of Southampton

PROJECT TITLE: Water Quality Improvement project plan

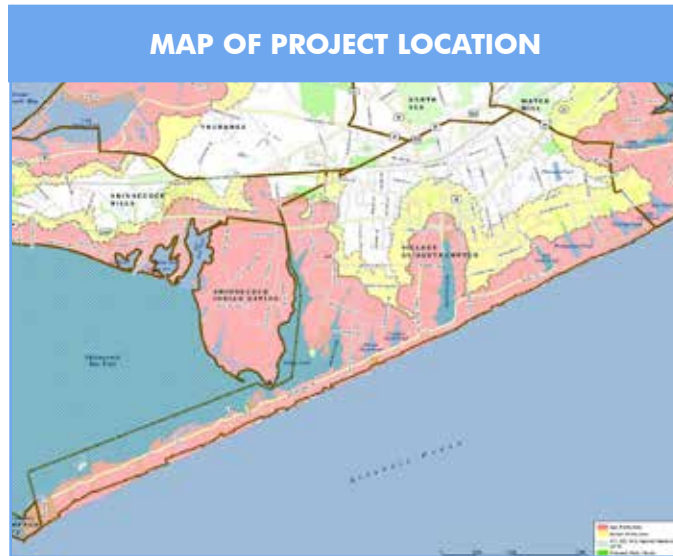

PROJECT TYPE: Wastewater Treatment Improvement Project

SCALE: Neighborhood/Watershed

APPROACH: **Reduction**

DESCRIPTION

The proposed project is a request for funding to prepare a village-wide Water Quality Improvement Project Plan. The Village of Southampton contains nine waterbodies within the Town’s High Priority Water Quality Improvement Zones, and four out of the nine are listed on the 2016 NYS Section 303(d) List of Impaired/TMDL waters. The proposed Plan would look to address storm & coastal resiliency and erosion concerns. This Plan would provide for a Village-wide analysis to prioritize projects that will benefit water quality. This Plan proposes to prioritize pollutant reduction tactics, consider remediation of existing conditions, and make steps towards restoration of coastal and marine habitats. The Plan would incorporate the findings of several existing water quality studies and plans.

REQUESTED AMOUNT: \$ 83,000
