Re: North Sea Farms WQIPP application

To whom it may concern,

As per the request from the September 28, 2021 Town Board Meeting, I requested price quotes from Diamond Precast of Center Moriches on the cost of the grease trap and septic tank used in the project. I received the following costs -

Grease Trap - \$1,270

1500 Gallon Septic Tank - \$1,461

Please let me know if you have any further questions.

Best regards,
