**Re: Monthly Progress Report for Apr. 10, 2022 to May 10, 2023**  
**Former Damascus Landfill**  
**East Quogue, New York**  
**NYSDEC BCP Site #C152253**

Dear Ms. Sweet,

The Town of Southampton is pleased to submit this progress report to the NYSDEC regarding the investigative activities at the Former Damascus Road Landfill.

Since the previous Progress Report was prepared for the above-referenced site, additional activities that have been completed include the following:

- No work was performed during this reporting period given the laboratory report for the soil and groundwater samples collected in March 2023 is still being drafted by the contract laboratory. D&B anticipates receiving the data package by May 5, 2023.

In the following month, we plan to perform the following:

- Receive PFAS and full TCL/TAL data for on-site soil samples collected from on-site borings as part of Phase 4 of the RI
- Receive PFAS groundwater data for the eight samples collected from OSPB-2 as part of Phase 5 of the RI.
- Upon receipt of the data, D&B will draft a summary letter presenting the data and providing recommendations as to the depths and locations of the remaining off-site vertical profile borings to be completed as part of Phase 5 of the RI.

Please feel free to contact me at (631) 283-6055 x 1865 if you have any questions.

Respectfully,

A handwritten signature in black ink that reads "Francis Zappone". The signature is written in a cursive, flowing style.

Francis Zappone  
Deputy Supervisor
