Re: Monthly Progress Report for July 10, 2023 to August 10, 2023
Former Damascus Landfill
East Quogue, New York
NYSDEC BCP Site #C152253

Dear Ms. Sweet,

The Town of Southampton is pleased to submit this progress report to the NYSDEC regarding the investigative activities at the Former Damascus Road Landfill.

Since the previous Progress Report was prepared for the above-referenced site, additional activities that have been completed include the following:

- Completed off-site profile borings OSPB-1, OSPB-3 and OSPB-4 with the collection of groundwater samples for PFAS analysis.

In the following month, we plan to perform the following:

- Receive analytical data for the groundwater samples collected from the off-site profile borings referenced above and for the soil samples collected from the Damascus site on July 7, 2023.
- Upon receipt of the laboratory data, draft letter report summarizing the findings for submission to the NYSDEC.

Please feel free to contact me at (631) 283-6055 x 1865 if you have any questions.

Respectfully,

A handwritten signature in black ink that reads "Francis Zappone". The signature is written in a cursive, flowing style.

Francis Zappone
