**LETTER OF MAP REVISION
DETERMINATION DOCUMENT**

COMMUNITY INFORMATION		PROJECT DESCRIPTION	BASIS OF REQUEST
STATE	New York	NO PROJECT	CBRS REMOVAL
IDENTIFIER	CBRS Removal For New York	APPROXIMATE LATITUDE AND LONGITUDE: 42.847, -75.125 SOURCE: USGS QUADRANGLE DATUM: NAD 83	

FLOODING SOURCE AND REACH DESCRIPTION

Atlantic Ocean - various areas along the coastline of New York

COUNTIES WITHIN NEW YORK AFFECTED BY THIS REQUEST

Cayuga County
City of New York (Bronx, Kings, New York, Queen, and Richmond Counties)
Erie County
Jefferson County
Monroe County
Nassau County
Oswego County
Suffolk County
Wayne County

DETERMINATION

This document provides the determination from the Department of Homeland Security's Federal Emergency Management Agency (FEMA) regarding a request for a Letter of Map Revision (LOMR) for the area described above. This document revises the effective NFIP map, as indicated in the National Flood Hazard Layer (NFHL).

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange toll free at 1 877 336 2627 (1 877 FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Additional Information about the NFIP is available on our website at <http://www.fema.gov/national-flood-insurance-program>.

LETTER OF MAP REVISION DETERMINATION DOCUMENT (CONTINUED)

SUMMARY OF REVISION

The purpose of this Letter of Map Revision (LOMR) is to remove the Coastal Barrier Resources System (CBRS) unit boundaries from the effective Flood Insurance Rate Maps (FIRMs) for your communities. Historically, the CBRS unit boundaries and flood insurance prohibition date for each area were included on FIRMs for informational purposes.

Please note that no new coastal analysis was conducted; this LOMR only removes the CBRS boundary data. Other effective flood hazard information, such as Special Flood Hazard Areas (SFHAs), Base (1-percent-annual-chance) Flood Elevations, and floodway delineations, is unchanged. This LOMR does not invalidate any prior flood hazard determinations or supersede any effective Letters of Map Change (Letters of Map Amendment, LOMRs, etc.). To complete the Standard Flood Hazard Determination Form, access CBRS boundary data from the Department of the Interior's U.S. Fish and Wildlife Service (USFWS). Please note that no annotated FIRM or Flood Insurance Study (FIS) report attachments are enclosed. Future revisions to FIRMs and FIS reports will not supersede this LOMR; rather, this LOMR will be incorporated into those revised or updated FIRMs and FIS reports. The LOMR will continue to be effective for the remaining FIRMs until they all reflect this change.

The USFWS is responsible for maintaining and updating the official CBRS maps and the CBRS digital boundary data. Aside from minor exceptions, only Congress has the authority to modify the boundaries of the CBRS. Historically, CBRS boundary data have been shown on effective FIRMs because of their relevance to the availability of Federal flood insurance. The official CBRS maps and digital boundary data (including the flood insurance prohibition dates) are available at fws.gov/cbra or through the online CBRS Mapper at fws.gov/cbra/maps/Mapper.html.

To address potential inconsistencies between published FIRMs and the official maps maintained by the USFWS, FEMA will no longer provide CBRS boundary data on effective FIRMs. The removal of the CBRS boundary data from FIRMs does not affect the CBRS status of these areas or change the restrictions that apply in these areas. USFWS will continue to be the source for official CBRS property determinations, and documentation for those determinations can only be provided by USFWS. The CBRS boundary data from the USFWS website will also be displayed on the National Flood Hazard Layer (NFHL) Viewer at msc.fema.gov/nfhl and included on the interactive and dynamic flood maps available through the FEMA Map Service Center. The NFHL can be used to view effective flood hazard information, such as SFHAs, in a map viewer or to download it for use in a Geographic Information Systems (GIS) application. More information on the NFHL is available at fema.gov/national-flood-hazard-layer-nfhl.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange toll free at 1 877 336 2627 (1 877 FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Additional Information about the NFIP is available on our website at <http://www.fema.gov/national-flood-insurance-program>.

LETTER OF MAP REVISION DETERMINATION DOCUMENT (CONTINUED)

COMMUNITY INFORMATION

APPLICABLE NFIP REGULATIONS/COMMUNITY OBLIGATION

We have made this determination pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (P.L. 93 234) and in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, P.L. 90 448), 42 U.S.C. 4001 4128, and 44 CFR Part 65. Pursuant to Section 1361 of the National Flood Insurance Act of 1968, as amended, communities participating in the NFIP are required to adopt and enforce floodplain management regulations that meet or exceed NFIP criteria. These criteria, including adoption of the FIS report and FIRM, and the modifications made by this LOMR, are the minimum requirements for continued NFIP participation and do not supersede more stringent State/Commonwealth or local requirements to which the regulations apply.

COMMUNITY REMINDERS

We have determined that removing CBRS boundary data by this LOMR is consistent with FEMA's mapping policy and guidance and therefore meets the minimum floodplain management criteria of the National Flood Insurance Program. With this LOMR, the CBRS boundary data have been removed from the FIRM. FEMA will display the USFWS' CBRS dynamic map service in the NFHL Viewer at msc.fema.gov/nfhl, and this information will be included on the interactive and dynamic flood maps available through the FEMA Map Service Center and the NFHL-based FIRM and FIRMette exports. The FWS provides the data online (fws.gov/cbra/maps/boundaries.html) through the CBRS Mapper, the CBRS GIS web map service, and the CBRS GIS data download. The FWS CBRS web map service and GIS data download can be used in existing custom geospatial applications. Please consult USFWS for official CBRS determinations. Additional information about CBRS determinations is available at fws.gov/cbra/documentation.html.

We encourage State and local officials to consider including CBRS information in building permit forms, planning documents, and outreach materials. Such voluntary actions can help to increase awareness of the CBRS and the associated prohibitions on Federal expenditures, which will help stakeholders make informed decisions about areas affected by the Coastal Barrier Resources Act. Additional information on the CBRS can be found on the USFWS website, fws.gov/cbra; please send questions about the CBRS to cbra@fws.gov.

If you have any questions about this document, please contact the FEMA Map Information eXchange (FMIX) toll free at 877-336-2627 (877-FEMA-MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Additional information about the NFIP is available on our website at fema.gov/national-flood-insurance-program.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange toll free at 1 877 336 2627 (1 877 FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Federal Emergency Management Agency
Washington, D.C. 20472

**LETTER OF MAP REVISION
DETERMINATION DOCUMENT (CONTINUED)**

COMMUNITY INFORMATION (CONTINUED)

We have designated a Consultation Coordination Officer (CCO) to assist your community. The CCO will be the primary liaison between your community and FEMA. For information regarding your CCO, please contact:

Mr. Michael Moriarty
Director, Mitigation Division
Federal Emergency Management Agency, Region II
26 Federal Plaza, Room 1337
New York, NY 10278
(347) 838-0427

STATUS OF COMMUNITY NFIP MAPS

We will not physically revise and republish the FIRM for your community to reflect the modifications made by this LOMR at this time. When changes to the previously cited FIRM panels warrant physical revision and republication in the future, we will incorporate the modifications made by this LOMR at that time. This document revises the effective NFIP map, as indicated in the National Flood Hazard Layer (NFHL).

PUBLIC NOTIFICATION OF REVISION

This LOMR revises the CBRS information for your community. No flood hazards are being revised. Therefore, this LOMR is effective as of the date of this letter.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange toll free at 1 877 336 2627 (1 877 FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Additional Information about the NFIP is available on our website at <http://www.fema.gov/national-flood-insurance-program>.

Federal Insurance and Mitigation Administration

Federal Emergency Management Agency

Washington, D.C. 20472

Attachment to LOMR 19-02-0570P

With this Letter of Map Revision (LOMR), we are removing the Coastal Barrier Resource System (CBRS) information shown on the Flood Insurance Rate Map (FIRM) Panels listed within this LOMR's Determination Document. The CBRS information will not be removed from the downloadable version of the FIRM panels available on the FEMA Flood Map Service Center, but will no longer be included in FEMA's National Flood Hazard Layer (NFHL). The NFHL is a Federal Emergency Management Agency digital database that contains flood hazard mapping data for the National Flood Insurance Program (NFIP). The NFHL is for community officials and residents looking to view effective flood hazard information in a map viewer or download for use in a Geographic Information System (GIS) application. More information on the NFHL is available at:

<https://www.fema.gov/national-flood-hazard-layer-nfhl>.

CREATED TO
REFLECT LOMR
