

Hamton Bays Citizens' Advisory Committee  
Meeting Notes  
August 20, 2025

In Attendance: Gail Sheppard, Victoria Firemark, Colvin Cumberbatch, Paula Godfrey, Cynthia McNamara, Michael McCullough, Erin Spellman, Jim Mackin.

7:00pm open

Stop signs- drivers are not following rules. The lack of motorists NOT stopping at stop signs and I have been contacted by homeowners on Lynn Ave that speeding is occurring on that thoroughfare. Knowing we cannot put police at every stop sign ( but Corners of Bay and Wakeman, Bay and Lynn, and actually the three-way stop at Foster and Shinnecock from the beach) are AWFUL. Unfortunately, I do not have an exact location of speeding, but if any of you do, please advise.

Sidewalks- construction will continue but will be limited.

Shinnecock Indian Nation annexing private property at 4 Landing Lane Southampton.

The continuation of the sidewalk project along Shinnecock Road. Is the Springville sidewalk project finished or is it continuing further?

The SEWER Project and its effect on the traffic during construction, and how many properties it will be able to handle. 2-3 years out.

HOMELESS at the 7-11 and Good Ground Park.

Placement of garbage cans at Old Ponquogue Bridge Pier and other places. They are inconveniently placed.

Need for traffic enforcement around schools prior to school opening.

7:37pm close
